

Space

1. Astronomer
2. Exploration
3. Shooting star
4. Telescope
5. Gravity
6. Asteroid
7. Collision
8. Entrepreneur
9. Invest time/money
10. Set 「your」 sights on ~
 11. Colonize
 12. Satellites
 13. Involve
14. Space tourism
 15. Gaze
16. Signs of (life)
 17. Tempting
 18. Inhabitable
19. Solar system
 20. Orbit

1. Have you ever gazed at the night sky to see shooting stars?
2. Can you name all the planets in our solar system?
3. Some entrepreneurs like Elon Musk have set their sights on colonizing other planets.
What do you think about this?
4. How would your life be different if there were no satellites orbiting the Earth?
5. Would you like Japan to invest more money and be more involved in space exploration?
Why?
6. If you heard that there was an asteroid on a collision course with Earth, what
is the first thing you would do?
7. What do you think an astronomer does? Is this job tempting?
8. In the future, will you be interested in space tourism? Why?
9. When the Earth becomes uninhabitable in the distant future, what do you think
humans will do?
10. Would you like to find signs of alien life on other planets? Tell me more.
