18. I want to help protect animals and the environment.
19. It is bad for plastic companies because they will sell less.
20. I want to make a new zero-waste town.

1. What do you do with trash?
2. How much trash do you make every day?
3. After you finish eating, what do you do with any remaining food?
4. Is throwing away lots of things good or bad for the environment?
5. What do humans waste a lot?
6. What should you do with old things? E.g. clothes, food, books, etc?
7. Do you think living a zero-waste life is easy to do or difficult to do?
8. Do you want to live a zero-waste life? Tell me more.
9. Who or what is zero-waste bad for? Why?
10. There is a town in Japan called 'Kamikatsu' and it is almost zero-waste. They separate and recycle over 80% of their trash. To help the environment, do you want to go and live there in the future?
